Joseph Okutoyi Kinyuru

Software Engineer

I am a dedicated software engineer with 3 years of hands-on experience building web applications and solving real-world problems through clean, maintainable code. I'm passionate about crafting user-focused solutions and continuously growing my technical and collaborative skills within fast-paced, dynamic teams.

Experience

○ 2023 - Present

Freelance

Developed and delivered custom websites and web applications for a range of clients across industries, primarily focused on business-oriented solutions. Projects included landing pages, dashboards, e-commerce platforms, and portfolio sites.

○ 2024

Part - time web developer

Sky Power

Contracted to design and build the company's official website to support their government-facing energy initiatives and improve online presence.
